*The Head and the Heart* [reissue]

SUB POP

**84%**

Successfully selling more than 10,000 copies of their eponymous debut record all on their own, the former open-mic misfits and Seattle sextet swiftly garnered the attention of Sub Pop earlier this year with their Beatles, Stills & Young mix of Americana and chamber pop. Getting an official, re-mastered and re-issued treatment featuring unreleased and re-recorded songs, The Head and the Heart deliver plenty of both when it comes to sing-along meditations and winding Appalachian roads. **MIKE HILLEARY**
